## WHAT WOULD YOU DO?

1. You and your little brother go to the store with your mom to buy school supplies. You gather everything you want and look up to show your mom when suddenly you realize she is gone. What would Safety Kid tell you to do?

2. You and your best friend Ron go to tennis lesson for the first time. The tennis instructor praises your rally skills. He asks the two of you to spend some alone time with him after class so that he could teach you how to serve. What should you do?

2. Check first with your mom or the adult in charge to make sure it is okay.

1. Stay where you are. Yell "Mom" as loud as you can and listen for a response. If you don't see her, find a safe helper such as a mom with children or a store employee and ask for help.

# I HAVE AN EMERGENCY!

## FOR PARENTS AND TEACHERS LET'S PRACTICE NOW!

An emergency is something that happens that we don't expect. We can make a plan with our teachers and our parents so that we know what to do in case of an emergency. One part of the plan can be to know emergency information, such as your first and last name, your address, and your phone number. Here's a rhyme that will help remember this information.

\_\_\_\_\_ is my first name, first name, first name;  
\_\_\_\_\_ is my first name all day long.

\_\_\_\_\_ is my last name, last name, last name;  
\_\_\_\_\_ is my last name, all day long.

I live at.....

Address: \_\_\_\_\_

City: \_\_\_\_\_

State: \_\_\_\_\_ Zip Code: \_\_\_\_\_

Let's talk about what YOU can do in an EMERGENCY. On your TELEPHONE dial 9-1-1 or 0.

Use the words, "I have an emergency" or "I need help." Then wait on the line until help comes

My phone number is:

Practice calling 911, 0, and your own phone number by touching the numbers below:
